About us

Estrade is the digital media editorial brand of Radar Circle Media. Based and operational in both Mumbai and Singapore, Radar Circle Media currently has two editorial brands, Estrade and Onside. Our endeavor is to provide a platform to a diversity of businesses in a wide spectrum of industries. The company was founded in 2011 and has been involved in the media and entertainment space since inception.

Estrade is a corporate news focused site, launched in 2014. Estrade helps to provide a platform of diverse opportunities to Businesses and Corporate Entities focused on carving a niche out for themselves. The world of business is always in a flux, more so in the emerging economies of Asia. Estrade recognizes the efforts and innovation of such up and coming companies striving hard to make it in the corporate sector.

Estrade as a media house is dedicated to recognize the efforts of individuals and teams working behind the scenes to make their corporate entities reach the pinnacle of success. It is our endeavor that these teams' success stories are shared in the public domain as case studies for the benefit of all.

Our mission is to reward business eminence, innovation and wisdom in all industries. To create a strong network of enterprising individuals and corporate entities that stand out in their respective areas of influence.

Rewarding the Finest Work across Education Sector **HONOURING EXCELLENCE IN EDUCATION**

Today's students are tomorrow's industry leaders! With this in mind, Estrade Education Awards – Singapore are aimed at recognizing those companies, corporate entities, educational establishments, and individuals, who are at the forefront of arming the next generation of Indian professionals through ground breaking learning methodologies in education and skill development.

Estrade Education Awards are a proof of your credibility and value creation, in your sphere of influence. The Awards are a recognition of your business ethic, your business model and most importantly the quality of students produced from your institution. The fact that this is at an international forum at Singapore, is a great opportunity for you and opens new doors and avenues to better possibilities.

Through Estrade Education Awards, we strive to discuss and deliberate towards making a holistic educational and skill development system, that is constantly evolving with the ever changing business landscape and is in sync with demands of all stakeholders to rise up to the challenges faced by Education industry.

According to a Government of India report, around 119 million additional skilled work force will be required in 24 sectors – Real Estate, Commercial property, Infrastructure development, retail, transportation logistics, automobile, and textiles, etc., by 2022. World's fastest growing economy has a huge demand for skill ready educated.

Estrade Education Awards provide an international thought leadership platform to bring on board, all stakeholders associated with imparting Education and Skill development, and in the process, create a learning ecosystem for an exchange of ideas and best practices.

Estrade team focuses on all aspects of your company's business model, with main emphasis on the placements of your students, the final measure of your success as a knowledge imparting institution. This also brings on board the companies/corporate entities that are looking to employ skill ready professionals, viz. the next most important stakeholders in the education sector.

Estrade Education Awards are conceptualised, organised and hosted by Estrade Media Pte. Ltd. – Singapore, and provide a global benchmark for companies in this sector. The Awards platform is an unparalleled opportunity to showcase your brand and services to an international audience.

THOUGHT LEADERSHIP

Welcome to the Estrade Education Conclave 2017, on 25th March 2017 at SOFITEL – Bandra Kurla Complex, in Mumbai. This issue covers the participants in the conclave and the Estrade Education Awardees. The conclave strives to bring together institutions, companies and individuals leading from the front. Furthermore, the award function provides a strong networking platform to all the stake holders of the Education and Skill Development sector of India.

India's economy is at the cusp of greatness. Until now, our companies were looking at markets abroad for their products. However, as the size of domestic economy takes center stage as one of the primary engines of growth of the world economy, our companies will have the opportunity to create world class products targeted at the domestic market. The sheer size of this economy is expected to be so massive that foreign companies cannot afford to be not present in India. In order for the companies to make world class products, India Inc. needs highly dynamic work force with strong education and skills. The ground work of arming the work force of the future starts now. With this objective in sight, we are Estrade Media Pte. Ltd. – Singapore are hosting the Estrade Education Conclave 2017 in Mumbai.

In the past, education and skill imparting institutions were dependent on traditional learning tools as a primary method of imparting education, post which, the students had to find their own ways to find employment. However, things have changed drastically now stake holders in the Education space will have to make a trade between the traditional learning techniques versus the more modern technology driven enterprising approaches, and most likely to help students find employment. Industries providing the best salaries and compensation, will command the best talent in the market place.

Education and Skill development sector is becoming more and more organized, thereby creating value for all stake holders. India Inc. is constantly striving hard to stay competitive and to stay ahead of the curve in all aspects. This naturally influences the academia, therefore the jobs or employment creation as well. This focus of the Estrade Education Conclave 2017 is the starting of basic ground work required for bringing into perspective all the challenges awaiting Education and Skill development sectors in the future.

With best wishes,

Vishwasjeet Singh
Editor-in-Chief | www.estrade.in

Editorial

ROBIN BANERJEE
CEO & MD
Caprihans India Limited

Robin Banerjee, CEO and Managing Director of Caprihans India Limited, a subsidiary of Bilcare Ltd. since April, 2013. He has a lifetime of experience in the corporate world spanning more than 35 years. Starting his career as a Chartered Accountant, Robin has headed many important positions in key decision making designations with global companies, such as Chief Financial Officer and Deputy Managing Director of Bilcare Ltd., Chief Financial Officer at Suzlon Energy Limited., Executive Director at Essar Steel Ltd. and many more. As a senior leader at the helm of critical decision making positions, he has been aggressively involved in global strategy, M&A, Finance, Treasury, amongst others across industries such as FMCG, Steel, Auto Components and Travel & Tourism.

Robin's book, Who Cheats? And How?, is an insider's perspective of various frauds and scams plaguing the corporate world. Unbeknown to many, professionals in major global institutions, companies, holding important positions are behind these events. After the recent Great Recession of 2008, understanding corporate frauds/scams and the manner in which the government and other stake holders pursue the perpetrators is critical to our understanding of these events.

SINGAPORE OFFICE :
1, Mei Chin Road,
Singapore 149253
Contact: (+65) 6508 3700

Website: www.giissingapore.org

Being a part of the GSF network of schools holds a synergic advantage for the students, parents and faculty. This synergic advantage is the core competency of this institution. Known for their learner-centric and skill-based curricula, GIIS schools offer holistic learning and personality development opportunities for students. Today, GIIS boasts a strong multicultural student body, comprising of over 35 nationalities.

GIIS has been honored with 70 Global / International / National Awards over a span of 8 years for Business Excellence, Best Practices, Benchmarking, Corporate Social Responsibility, Eco Innovation, HR Excellence, Innovation, Innovation Management, Performance Excellence in Education and Student Quality Circle.

Global Montessori Plus (GMP) - A Unique, Innovative Educational Model for Kindergarten Children. At the Global Indian International School based on Customer needs and requirements, ascertained through surveys and questionnaires and the educational expertise

of the leaders, an enhanced programme that is different from what is generally offered for kindergarten children was developed in early 2010.

The main aim was to use pedagogy that will prepare children for smooth transition into the primary years as well as equip them with 21st Century skills, thus catering to all the domains of development. This innovative model aims to develop and nurture the right and left brain faculties in children in the age group of 2 and half to 4 years, in a stress free environment, thereby catering to the complete and comprehensive needs of an individual.

The Global Montessori Plus programme recognizes the uniqueness of each child. From the fundamentals of formal learning to innovative learning tools, Global Montessori Plus provides a unique methodology that nurtures the winner in every child.

Best Higher Education Institute of the Year

Sandip Institute of Engineering and Management, Nashik

SIEM was established in the year 2010-2011 with five Engineering courses, approved by the All India Council for Technical Education (AICTE), New Delhi and affiliated to the University of Pune. It is the Premier educational Institution set up by the Sandip Foundation.

NASHIK CAMPUS:
Trimbak Road, Nashik
Maharashtra
Contact: 1800-233-2714

Website:
www.siem.sandipfoundation.org

The institution boasts of world class infrastructure with State-of-the-Art Laboratories equipped with the latest equipments, machinery, software tools, a Library containing books twice more than the mandatory requirement laid down by AICTE. The laboratories are equipped with the latest equipments and machinery that allows the students to explore their practical imaginations.

SIEM's huge campus in Nashik, is equipped with facilities at par with the best in the world. The Training and Placement cell of SIEM ensures that top companies reach out to the institute for hiring. Multinational companies such as TCS, HDFC, Infosys, Amazon, Mahindra & Mahindra, Bosch, Suzlon, Mphasis, Rishabh Instruments and many more have visited the campus for selecting the elite students.

The faculty members at SIEM have multiple years of experience in education sector, and are well versed for their profession. SIEM is among the top engineering colleges in Maharashtra in terms of number of students placed in an academic year.

Presently it has become a common scenario that many students are placed even before the completion of their course.

SIEM offers a self-contained residential campus to allow students from various backgrounds to come together and form a vibrant student community. The residential apartment rooms offer all amenities to allow a comfortable stay. Solar water heating system is available. There are seating lounges with wi-fi connection and cable TV. The campus also has a bank & two ATMs inside its premises. Fully developed gym, sports faculty and a world class ground is also available for the students.

The safety, security and convenience of the students are paramount. The campus has security of the highest standards, including a web of CCTV cameras scattered across the campus, and fire warning systems. In case of medical emergencies, the campus has tie-ups with local hospitals.

Innovative Use of ICT in Distance Education

Tamil Nadu Open University, Chennai

Established in 2002 by the Government of Tamil Nadu, the Tamil Nadu Open University, or TNOU, aims to improve the access to higher education and the quality of education offered through the open and distance learning modes for the state of Tamil Nadu.

The University is one of the 5, from amongst the 15 Open Universities in the country that have been accorded the recognition under section 12B of the University Grants Commission (UGC). It is also one of the very few Universities in the country to have received approval of the UGC for offering all its academic Programmes through the distance mode. The University offers quality education to 'anyone, anytime, anywhere', and has been catering to the learning needs of the weaker sections of the society.

India, owing to its huge potential as a knowledge capital, is among the world's leading economies. However, the manifestation of this potential solely depends on the country's ability to train and educate the young population, most of which resides in the rural fold of the country.

Keeping in mind the efforts and time required to prune up the physical infrastructure, the Online and the Virtual medium of education can quickly fill up the void without compromising on the quality.

Over the years, the TNOU took innovative steps by the Introduction of a dedicated student support cell and launch of 27 ICT enabled programs.

So far, 1,71,430 students have passed from TNOU and the 2015-2016 enrolment stands at 29,351. TNOU's sanctioned teaching staff strength is 65 and non-teaching staff strength is 77.

The Gross Enrolment Ratio (GER) for the Higher Education in Tamil Nadu stands at a measly 44.8%, against the National average of 23.6 %. TNOU believes that modern technology has a major role in improving this ratio and help India's youth bring in more development.

CHENNAI CAMPUS:
No 577, Anna Salai Saidapet,
Chennai-600 015.

Website: www.tnouict.in

Best Private University of the Year

VIT University, Vellore

Started as Vellore Engineering College in 1984, the institute was given the University status in 2001. The curriculum and syllabi are constantly updated to help students meet challenges, they face after graduation. Also, innovative methodologies are adopted constantly without compromising on quality. The University provides conducive learning environment. The infrastructure facilities are constantly enhanced to meet the growing demands of ensuring a quality education.

VELLORE CAMPUS:
Katpadi-Thiruvallam Road,
Vellore 632014
Contact: 04162202573

Website: www.vit.ac.in

The campus has a cosmopolitan atmosphere, with students from all corners of the globe. Experienced and learned teachers are strongly encouraged to nurture the students. VIT has set global standards in the fields of teaching and research. The highly motivated youngsters on the campus are a constant source of pride. International Universities provide for an exchange of students and faculty, this encourages joint research projects for mutual benefits. Many VIT students, who pursue their research projects in foreign universities, bring high quality to their work and esteem to India.

Around 32,000 students from 54 countries are studying at VIT. Annually, INR 10 crores worth is granted towards scholarships and free education is provided to 62 economically challenged students. Fully Flexible Credit System (FFCS) TM, Curriculum for Applied Learning (CAL)TM, are some of VIT's innovative practices. The basics, technical know-how and also the soft skills of the students are enhanced through the in-house Science, Engineering and Technology (SET) conference conducted every semester.

The University research experience (URE) option for the undergraduate students gives flexibility for involving in the fundamental / applied research projects of the faculty members. Students are mentored by Faculty on academic and non academic matters to ensure home away from home. Technology Business Incubator (TBI) is established to hone the entrepreneurship skills of students and to make them job-providers rather than job seekers. Around eighty student clubs and chapters make avenues for the all-around development of the students, by their involvement in extra-curricular activities – both technical as well as non-technical.

VIT University is in Limca Book of Records for the highest number of campus placements from a single Institution by a single company in the year 2009, 2011, 2012 and 2015.

IMPACT LEARNING WITH LESSONS OF LIFE

20 YEARS

of bringing innovative methodology
& extensive research in learning

LXL Ideas, formerly EduMedia, impacts learning and creates experiences for students, parents and educators. For over two decades, we've brought innovative methodologies to make lessons of life through our brands School Cinema, Krayon and Mentor. We make award-winning films, organize large-impact events, publish authoritative writing and deliver holistic research & training.

Mentor is India's leading monthly education publication that shares ideas, experiences and opinions with school principals and educators. An LXL Ideas initiative, Mentor is a platform that facilitates lifelong learning and professional development. It shares best practices on topics that matter: school leadership, governance, pedagogy and innovation in education.

School Cinema is a film-based module that makes learning lessons of life an entertaining experience. It reaffirms life skills & values for students, parents and educators through award-winning films and engaging activities. An initiative of LXL Ideas, with 4 prestigious National Film Awards & numerous international film festivals, School Cinema impacts 700,000+ students in 4 countries.

Early Child Playschool Chain

Smartkidz Educare India Pvt. Ltd., Secunderabad

SMARTKIDZ is a Nationally Branded Chain of Preschools. Smartkidz is a venture of M/s Smartkidz Educare India Pvt. Ltd. It is an ISO 9001:2008 certified organization from TUV of Germany which is the 2nd largest certifying body in the world. Having its presence felt across different parts of India with 200+ centres', it has further spreading its wings in the other areas as well.

SECUNDERABAD CAMPUS :
Plot No. 32, Gunrock Enclave,
Phase 1, Secunderabad - 500009
Contact: 040 27894117

Website:
www.smartkidzindia.com

SMARTKIDZ emphasises on the overall development of the child through age-appropriate learning experiences, preparing them thoroughly for the next stage of their schooling.

Being inspired by Waldorf and Montessori Methodology, SMARTKIDZ has designed its curriculum to meet requirements of ICSE, CBSE & SSC Syllabus.

SMARTKIDZ Preschool ensures that children learn as effectively and efficiently as possible in a caring and friendly environment where equal consideration is given to social, physical, emotional, spiritual and intellectual development.

Designed for children of 3 to 5 year olds, the complete curriculum focuses on how teachers can encourage, facilitate, and stimulate children's learning and growth. It identifies, explains, and supports the major developmental tasks of preschool children, including adjusting to school, making friends, exploring roles, communicating, problem-solving, and expressing feelings.

It contains a comprehensive appendix, planning tools, and an array of useful teaching strategies. It also deals with critical components: applying child development theory to everyday experiences; using assessment to meet individual developmental needs; using the physical environment as a learning tool; developing a partner relationship with parents and fostering an interactive climate in the classroom. Ensuring that all children have access to quality early childhood development, care and pre-primary education.

PATASHALA The source of knowledge is a division of SMARTKIDZ. Spread with 8 centres in three states of India, Patashala follows CBSE & SSC curriculum from class I to X.

Teachers are trained to give quality education to children. They are also trained on Child Psychology and Personality Development. Patashala's educational process focuses on providing more information keeping in mind the grasping capacity of the child so as to reduce unwanted stress. This type of educational process will help build a strong value based foundation.

Best Placement Institute in Banking

Bankedge Training Academy, Mumbai

BANKEDGE is a professionally managed, career training company. It is an active business participant in India's banking and financial services domain, by virtue of its expertise in providing modern, highly relevant and technology driven training and learning for fresh graduates aspiring to make a career in banking.

MUMBAI CAMPUS:
306, So Lucky Corner, Chakala,
Opp. Holy Family Church,
Andheri East, Mumbai - 400099
Contact: 022 6235 5151

Website: www.bankedge.in

BANKEDGE is a valued partner to major private banks and important financial institutions, in their quest for recruiting personnel across nearly every entry level position. By studying them closely, BANKEDGE has understood their diverse functions and the quality of human assets needed to deliver a particular function. It is this insight that they leverage during training and this is what makes them a distinct and preferred choice during recruitment cycles.

They started off in August 2014 and today are present in all major cities in the country with branches at 27 locations in Mumbai, Bengaluru, Chennai, Pune, Kolkata, Nagpur, Amritsar, Indore, Kollam(Kerala), Surat, Ahmedabad, Raipur etc. and counting.

Their Flagship program, PROBE – Professional Banking Executive has been highly regarded by the Banking Industry. PROBE is a professional training program for Banking Aspirants to leverage their banking domain knowledge and skills, equipping them with the necessary inputs to make way through the bank interviews to get that coveted banking job.

BANKEDGE strives to make its students 100% job ready and provide the banking industry with ready to join quality.

The duration of the program is 3 months specifically designed to suit graduates aspiring for a career in banking. All students who have successfully completed their graduation with a minimum of 50% score in their final year graduation are eligible for this program. Graduate from all streams are welcome to join this program subject to passing the Bankedge aptitude test followed personal interview.

Post training, the students are sent for Job Interviews with leading private sector banks/NBFCs like Axis Bank, Yes Bank, IndusInd Bank, Kotak Mahindra Bank, Standard Chartered Bank, Muthoot Fincorp, IIFL, Suryoday Bank, Manappuram Finance, HSBC Bank etc for retail branch operations and backend operations roles.

Padmabhushan Vasantdada Patil Pratishthan's College of Engineering (PVPPCOE), Mumbai Award category - Best Engineering College of the Year

Best Engineering College of the Year

PVPPCOE, Mumbai

Established in 1990, Padmabhushan Vasantdada Patil Pratishthan's College of Engineering (PVPPCOE), laid under the efficient guidance of Yashwantrao Chavan, is an NBA accredited college affiliated to University of Mumbai.

MUMBAI CAMPUS:
PVPPCOE
Eastern Express Highway,
Nr. Everard Nagar,
Sion, Chunabhatti,
Mumbai - 400022
Contact: 022 2407 0547

Best Education Media House of India

ScooNews, Jaipur

Scoonews is a monthly magazine catering to the news and information needs of the schooling ecosystem. The DNA of this school media house is to provide original and syndicated content that enriches K-12 stakeholders through the print and online medium.

Within a short time, Scoonews has achieved a thought leadership position through the publication of original case studies, research papers and regular incisive observations of industry trends and market updates. Scoonews regularly features cutting edge articles by renowned experts in the field of education, innovative technology, vocational education and policy interventions. The meticulously balanced content appeals not only to education providers but also care givers. Besides generating and reporting content, Scoonews has made its presence felt by highlighting the plight of those who have little or no access to education.

Scoonews has quickly appropriated the mantle of a sane voice which speaks with authority in the K-12 space. No wonder it was the only media invitee from India at the Global Education & Skills Forum 2017 held at Dubai under the aegis of Varkey Foundation.

It is also not uncommon to see a Scoonews pavilion at marquee events like Surge Conf, Tie Education Summits, India-Uk Tech Summit, Web Summit, DIDAC India, EduCarnival, Orbit Live, India Education Congress and a host of Indian and international education events.

Today Scoonews boasts of a readership of more than half a million with almost 350,000 coming from a print run of 55,800 copies while its digital presence garners another 270,000 views. And this company is just getting started.

Dr Nripen Kumar Dutta
Founder & Principal
Miles Bronson Residential School, Guwahati
Award category - Educational Entrepreneur of the Year

Dr. Nripen Kumar Dutta

Dr. Nripen Kumar Dutta, is a highly ambitious local edupreneur from North Eastern India. After completing his Masters from Delhi University, he came back to his native place and started his career as an educator, set-up the first full fledged exclusive boarding school "Miles Bronson Residential School", which is now managed under the aegis of Miles Bronson Education Society and is affiliated to the Central Board of Secondary Education (CBSE), New Delhi.

GUWAHATI CAMPUS:
 Bronson Residential School,
 Near LGB International Airport,
 Borjhar, Guwahati - 781015
 Contact: 0831 2405504

Website:
www.mbrsguwahati.edu.in

Miles Bronson Residential School was founded in 1987 with only 17 students in a rented house. In 1990, the school was shifted to Beltola with 98 students. This number surged to 240 by 2002 and MBRS was shifted to its permanent complex at Borjhar, which today is spread over 28 acres of land and has a full capacity of 547 boarders, from different parts of the North East. In addition it houses 400 teaching, non-teaching and support staff.

The School has received affiliation and accreditation with national and international organizations which includes Indian Public School Conference (IPSC), Round Square, The Boarding School Association (BSA), The Scholar's Cup, The Reed Cross Society, International School Award (under British Council), International Award for Young People (IAYP) and the Aakash Institute

The School, ranked 2nd at the regional level and 9th in All India Co-ed Boarding Schools category 2016 (EducationWorld C-fore) at the national level is one of the most sought after boarding schools in the northeast today.

The full fledged coeducational residential school where nearly 500 students study follow the CBSE Board, Delhi.

It's architectural design and infrastructure is quite at par with any state-of-the-art prestigious institutions of the world. Its clean green and serene campus is now conferred with Confederation of Indian Chambers and Industries (CII) & Indian Green Building Council (IGBC) first re-certified green school in the country.

Academic Background:

Dr. N.K.Dutta, has his schooling from Tuensang Govt. High School, Tuensang in Nagaland. After completing his pre-degree (Arts) from the renowned Cotton College, Guwahati, he completed his Bachelor and Masters in History from prestigious Kirorimal College under Delhi University. Further, he did his Bachelor of Education, Master of Education and Bachelor of Law from Gauhati University. He did his Ph.D in History from Tilak Maharashtra University, Pune. Presently, he is selected to pursue the Doctorate of Education program by the Exeter University, UK.

Ms. S. Seethakutty
Principal - Chelammal Vidhyaashram, Trichy
Award category - Iconic Principal

Ms. S. Seethakutty

S. Seethakutty the principal of Chelammal Vidhyaashram, located at Musiri, Tamil Nadu. She has a Bachelors in Education, Master of Science and a PGDGC. As a professional educator, Mrs. Seethakutty is self motivated, and meets her daily challenges with leadership, innovation and creativity in her all endeavors.

TRICHY CAMPUS:
Chelammal Vidhyaashram
Ganapathy Nagar, Musiri-621211
Trichy, Tamil Nadu
Contact: 4326 260023

Website: www.cvcsmusiri.edu.in

She is involved in all aspects of administration of her school, Chelammal Vidhyaashram, and is always guiding Chelammal Vidhyaashram's teachers and students at every step. She spends considerable time with the parents of students to get an idea of their expectations and has a realistic approach when it comes to bringing the best out of her students, while meeting their parent's expectations – noteworthy among these expectations being the parent's desire for their ward to speak fluent English immediately after admission to Chelammal Vidhyaashram School.

She strongly believes that the time spent in addressing parent's concerns will bring positive changes to the society altogether. She is constantly reviewing the regular code of activities carried within the school curriculum by the teachers, students and parents, and, is promptly reshaping the activities for every cyclic time frame with the gradation of learning outcomes drawn from each initiative. These characteristic features of her work methodology have yielded excellent results,

with the successful trails of her students reaching the zenith of their potential in all fields at the district, sahodaya, state, cluster, national and international levels. Not only from among the students, Mrs. Seethakutty has also created leaders from among the teachers who are now slowly willing to take more responsibility to manage the school. S. Seethakutty is true to the adage that "A Leader Creates Another Leader".

About Chelammal Vidhyaashram : Chelammal Vidhyaashram is located at Musiri, Trichy District. It is affiliated to CBSE and is surrounded by the crystal clear water from the cauvery River, paddy fields on either sides of the road, busy people walking forward and an open ground that leads to the school.

The school is located in suburban Trichy and showcases technologically advanced set up from Kindergarten to Grade-10. The school was established in 2011 with a view to help students be known for their exceptional work and abilities internationally. The school is equipped with Spacious class rooms, ample light and ventilation, with Interactive board in every class.
