Today's students are tomorrow's industry leaders!

Tuesday, March 28, 2017
By Anshwara R. Iyer. Photographs By Shyam Iyer

The Estrade Media conducted 'Estrade Education Conclave 2017', on March 28, at Sofitel, Bandra Kurla Complex. The conclave was graced by many organisations, institutes and experts from all over India, who shared their point of view on networking platform of education. 'Today's students are tomorrow's industry leaders' was the agenda of the conclave. Education as a whole was conceptualised, studied, criticised and understood along with felicitating the best from various fields with awards. The main speakers on the panel included Robin Banerjee (CEO and MD - CapriPans India), Rashmi Tagore (MD - InStyle TV Channel), Shubika Bishra (Business Head - REM) and Vishwasjeet Singh (Editor-in-Chief of Estrade.in) along with other prominent personalities from the education sector.

From the scope of skill development and creative business education in the country to the condition of primary and higher secondary education, everything was discussed at the conclave.

Not only the student aspect but also the problems faced by the teachers, especially in the government and government-aided schools/colleges/institutes were discussed. Talking about teachers, Shubika Bishra, said, "Teachers are no longer depositors of knowledge. Students these days need more information than what the teachers possess. They have creativity in them, which, at any cost could not be curbed or controlled."

The panelists spoke openly about the 'corporate fraud' happening in the education sector and discussed Prime Minister Narendra Modi's Skill Development initiative. According to the experts, the scope of skill development is high, however, it needs some ground work. "Instead of focusing on the youth, which reportedly is Prime Minister Narendra Modi's agenda, education sector should focus more on the primary and secondary education because today's students will

Estrate Singapore recognizes leaders in Indian Education Sector

- Estrade Education Conclave & Awards, 2017 provides an international forum for Indian Education and Skill Development sector-

Focus on creating better opportunities for Teachers and Educators.

Mumbai, India, Singapore - 27 March 2017/Team Estrade//Singapore's Estrade Media Pte Ltd successfully hosted the Estrade Education Conclave & Awards, 2017 at 25th March, 2017 at Sofitel-BKC, Mumbai. The forum's main focus was Education and Skill Development, titled - "Augmenting the future of Education and Skill Development"

Estrate Education Conclave & Awards, 2017 provided an international thought-leadership platform to bring on board various stakeholders associated with imparting Education and Skill Development that created a learning ecosystem for the exchange of ideas and best practices. Furthermore, the Conclave discussed issues and challenges faced by the Indian education sector and connected with educationists to create more opportunities for students and aspiring leaders. It also aimed at recognizing those corporate entities, educational establishments and individuals who are at the forefront of arming the next generation of Indian professionals through ground-breaking learning methodologies in Education and Skill Development.

According to a Government of India report, by 2022, approximately 119 million additional skilled work force will be required in 24 sectors viz. Real Estate, Commercial Property, Infrastructure Development, Retail, Transportation Logistics, Automobiles, Textiles, etc. India being the world's fastest growing economy has a huge demand for skill-ready educated professionals in all industries.
